MEMORANDUM FOR THE RECORD

TO: Project Director

THROUGH: Contracting Officer

SUBJECT: Meteorological Equipment

25X1

1. [redacted] was in this office 14 May 1956 prior to his TDY overseas.

2. During the limited period he was available for discussion, he gave me a very brief summary of the equipment and its status.

3. He had already talked to [redacted] regarding logistical and procurement aspects. The understanding I received from [redacted] was that the USAF would procure and obtain equipment with their funds. The equipment will be maintained by USAF personnel both at the Site and at the various detachments. The monitoring of the R & D aspects of this equipment is assumed by [redacted]

4. [redacted] of this office and I called [redacted] the same morning and informed him of our conversation with [redacted]. He confirmed the USAF would handle this part of the project from their funds with no need for us to reimburse the USAF. His words were "we (USAF) are handling this aspect of the project as if you people don't exist." [redacted] indicated this was strictly a USAF supported project.
